

# AN INNOVATIVE TOOL TO ACCELERATE LYMPHOMA PATIENT ENROLLMENT FOR CLINICAL TRIALS

## ClinTrial Refer LYSA Lymphoma Studies

*Initially designed for LYSA clinical trials (Phase I to III), the application is open to industrial partners, sponsors of lymphoma clinical trials performed in the LYSA centers in France and abroad*

- ✓ An interface between physician and patient, providing **real-time information** for each on-going trial
- ✓ Any physician can enroll patients **without knowing the details** of the clinical studies
- ✓ Available **anytime** (off-line mode) and **anywhere** on tablet or mobile
- ✓ Completely **anonymous** and **safe** (no storage of confidential data)
- ✓ Regularly **updated** by LYSARC operational staff according to trial information provided by the sponsor (updated notifications)
- ✓ **Easy to use:**
  - Easy search with search filters by lymphoma type, disease status, center, sponsor
  - Easy access to inclusion criteria, trial status

ClinTrial Refer  
LYSA

Search for a trial using one or more filters

Lymphoma Type > [X]

Disease Status > [X]

Location > [X]

Trial Status > [X]

Sponsor > [X]
